816-729-9102

Kansas City area peace groups are planning to observe the National Day of Action Against Caterpillar which is scheduled for Wednesday, June 14.

Did you know that 50,000 Palestinians have been made homeless by Caterpillar bulldozers?

Through a US military sales program, CAT supplies equipment used by the Israeli military to illegally destroy Palestinian homes, infrastructure, orchards, greenhouses, agricultural land filled with crops and sometimes lives, including American peace activist Rachel Corrie and Palestinian Suha Sweidan, who was nine months pregnant when she was killed in the middle of the night in a home demolition.

Senator Sam Brownback supports CAT sales. Join a rally at his Overland Park office on June 14 at 5:00 p.m.

Sponsors: Citizens for Justice in the Middle East; MAS Freedom Foundation
